

# STAHL<sup>®</sup>

Service Bodies

*Challenger<sup>™</sup> Dump Body*

## Standard Features / Equipment

- Cab protector with punched window and cutout for tarp mounting.
- Plastic-coated aircraft cables on curbside and streetside horizontal doors.
- Tailgate equipped with adjustable material chute for controlled spreading.
- Double-paneled service body doors with hat section reinforcement.
- Rotary door latches (rivet-on) with stainless steel paddle handles and galvanized steel pans.
- Automotive door seals (factory installed).
- Dump bed with tapered side walls and full-length ribs for rigidity.
- Fender panel is die-stamped with radius wheelhouse.
- Aluminum fuel filler bracket.
- 5/16" cadmium-plated hinge rod runs full length of door. Hinge blocks are zinc cast with nylon bushings.
- Hitch package includes: 5" structural channel bumper with safety chain loops, heavy duty hitch mount with multi-hole pattern for adjustable height, and pintle hook support.
- **STAHL** Conversion Hoist with 5" hydraulic cylinder and electric pump.
- Horizontal compartments are open to front vertical compartment and rear vertical compartment.
- Light kit includes: Two side marker front and rear clearance, three ID lights in recessed rear apron, and all wiring in protective loom.
- Rubber bumpers on streetside horizontal door to allow door to completely fold against body without damaging the paint.
- Bottom tailgate hinge releases into open and closed positions with spring-loaded plunger.
- Boxed-frame tailgate construction.
- Double acting tailgate with concealed chains for spreading operations.
- Vertical compartments equipped with one adjustable shelf each.
- **STAHL**'s exclusive one-year "No Rust, No Bust" warranty.

The Challenger Dump Body is designed to meet the demands of the landscaper/contractor/municipality. It combines the best elements of a small dump body with the tool storage space of a service body. The Challenger Dump Body will also increase your bottom line by eliminating the need for two trucks on the job site. All your light duty storage and hauling demands can be fulfilled with the versatile and hard working Challenger Dump Body.
