

Benchmark Series

Warner's Benchmark hauler is the best choice for value, function and quality. Manufactured out of heavy-duty A60 Galvanneal steel, the Benchmark provides superior corrosion resistance and durability. The combination of a turnover hitch in the loadspace and a rear receiver tube allows for virtually limitless trailer-towing capabilities. Optional accessories give each customer the ability to customize the hauler to meet their individual needs.

Benchmark by Warner

Benchmark Series

Warner specializes in building custom units to meet customers' specific requirements.
Let us work with you to design your next work truck.

Features and Benefits

- B&W turnover combination hitch allows customers to switch from gooseneck towing, fifth wheel hauling or a flat floor in minutes
- Receiver tube at rear of body provides additional towing capabilities
- Better security with stainless-steel rotary latches
- Clip-on automotive door rubber protects compartment contents from elements for lifetime of unit
- Doors have built-in rain gutter for increased weather defense
- Two light kits add visibility, safety and increase aesthetics when not towing
- Gas shock door props hold doors in place
- Polished fuel-fill enhances the look and eliminates paint chipping from fuel runoff
- Full-length 5/16" stainless-steel hinge rods and stainless-steel hinge blocks increase durability and product life
- Superior corrosion resistance with A60 Galvanneal steel construction

Specifications:

	STEEL CONSTRUCTION	ALUMINUM CONSTRUCTION
Double-panel doors	18-gauge galvanneal	.090 smooth
Bulkhead	16-gauge galvanneal	.125 smooth
Roof material	16-gauge galvanneal	.125 smooth
End panels (front and rear)	16-gauge galvanneal	.125 smooth
Compartment walls	16-gauge galvanneal	.125 smooth
Hinge rod	5/16" stainless steel	5/16" stainless steel
All galvanneal steel	A60 coating	NA
